

By opening your new account or loan online, you consent to receive your initial account terms, conditions and disclosures through electronic means. Electronically delivered documents have the same legal status as paper copies.

Please read this information carefully as it explains your rights and obligations regarding your choice to receive SDCCU® initial disclosures in an electronic format. By accepting, you agree to receive these initial disclosures in an electronic format rather than sent to you in paper form via the U.S. mail. Please print and keep this information for future reference.

Requesting paper copies: Even if you consent to receive initial disclosures electronically, you can always request to obtain a paper copy.
